

ADDENDUM #3

(Effective date: January 11, 2016)

This addendum forms a part of the FSU Design Guidelines & Specifications and modifies the current edition, posted effective August 2012. Projects beginning design after August 2012 shall be required to comply with the Guidelines and any Addendums in effect at the time of design start. Projects in design, but not completed, prior to the effective date of Addendum #3 shall be reviewed by Facilities to determine whether compliance with Addendum #3 shall be required.

General Planning and Design Data

General Planning and Design Guidelines

A3-1 ADD: New item #4 - guideline for close-out documents.

Technical Construction Specifications

A3-2 DELETE Existing “Section 09680 Carpet”. **ADD:** new Division 9 – Finishes, “Section 09680 Carpet”.

A3-3 ADD: “Carpet Compliance Checklist” to be submitted by the Consultant for FSU Facilities’ use in evaluating carpet submissions.

A3-4 REVISE Existing Division 10-Specialties, Toilet Room Partitions and Accessories: Delete SofPull Roll Paper Towel dispenser and replace with enMotion automated paper towel dispenser as manufactured by Georgia Pacific. Grainger #3EB49; Mfr. Model #59462.

A3-5 Add: Existing Division 15000 Mechanical Utilities and Equipment – Part 2-Plumbing: Each new building or major renovation shall include the installation of at least one hydration station. Each station should be ADA accessible and located at the ground level proximate to the building entry, where possible. New stations should be filterless and equal to: EZS8WSSK as supplied by Grainger. Retro fit toppers for existing units should comply with EZWSRK as supplied by Grainger.
