

Vehicle Acquisition Form

Facilities is the only department authorized to have direct contact with the Department of Motor Vehicles (DMV). All vehicles should be acquired through [FSU Procurement Services](#) and should be appropriately maintained to ensure the maximum service life of the vehicle.

This completed form along with the following should be delivered in person to Fleet Management at the address above.

1. The original Manufacture Certificate of Origin (MCO) or, for a used vehicle acquisition, the vehicle Title
2. A copy of the Purchase Order (PO)
3. Odometer Disclosure Statement
4. The original DMV Form 82020 - Application of Title (usually provided by the dealer)
5. Any other paperwork received from the dealer.

A representative from Fleet Management will go to the DMV to register and obtain the title to your new vehicle and will contact you when the vehicle license plate and paperwork are ready for pickup. Fleet Management will not mail license plates.

Fleet Management will affix the new license plate to the vehicle and place a copy of the registration and title in the glove box. All vehicles are required by Florida law to provide these documents if stopped by a law enforcement officer.
