

ACADEMIC FACILITIES ELEMENT

NOTE: Unless otherwise noted, the goals, objectives and policies contained in this element shall guide development of the Main Campus and Southwest Campus in Tallahassee as well as the Panama City Campus in Panama City, Florida.

Goal 1

To provide academic facilities to meet the University's educational, research, and public service mission.

Objective 1A

Continue to assess systematically all existing academic facilities to achieve the following policies.

Policy 1A-1

Reconfigure existing classrooms to meet minimum productivity standards.

Policy 1A-2

Upgrade laboratories to contemporary performance and environmental safety standards to promote, enrich, and enhance student instruction and research.

Policy 1A-3

Promote and provide for special instructional laboratories (e.g., for languages).

Policy 1A-4

Actively seek outside funding to support academic facility upgrades.

Policy 1A-5

Upon adoption of this program by the University, the adopted Campus Master Plan shall be amended as needed to reflect the results of this program.

Objective 1B**Construct new academic facilities to meet the future needs of the University.****Policy 1B-1**

The University shall locate new academic facilities as shown on **Figures 5.1** for the Main Campus, on **Figure 5.2** for the Southwest Campus, and on **Figure 5.3** for the Panama City Campus. The timing and phasing requirements for these facilities are established in the Capital Improvements Element.

Policy 1B-2

The University shall provide additional academic facilities in accordance with the priorities established in **Table 5.1.a** for the Main Campus, **Table 5.1.b** for the Southwest Campus, and **Table 5.1.c** for the Panama City Campus.

Policy 1B-3

Continue to fund academic facilities, both new construction and remodeling/renovation projects, based on legislatively allocated and PECO funding processes. At the same time, actively seek alternative or private funding for new academic facilities.

Policy 1B-4

Site academic facilities in mixed-use zones that include other building types, where and when appropriate.

Policy 1B-5

Site/relocate academic facilities to promote synergy among complementary academic disciplines, including the establishment of distinct academic districts.

Policy 1B-6

Locate unforeseen facilities (arising from grant awards, accelerated funding, or other circumstances) according to schematic sites and zones as delineated on the master graphics: for the Main Campus, **Figures MC.MP.1.1** and **1.2**, and the Future Land Use Element Map, **Figures 4.1.1** and **4.1.2**; for the Southwest Campus **Figure SWC.MP.1** and **Figure 4.2**; and for the Panama City Campus, **Figure PC.MP.1** and **Figure 4.3**. The Master Plan will be amended as required to include such unplanned facilities. Amendments to the Plan that alone, or in conjunction with other Plan amendments, exceed the thresholds established

Revised: 18 January 2018

FS-200
13 June 2008

in s. 1013.30, F.S., shall be reviewed and adopted pursuant to s.1013.30, F.S.

Policy 1B-7

All future facilities and projects affecting existing facilities shall meet or exceed state mandated energy conservation and efficiency guidelines and will pursue additional efficiency/conservation applications as appropriate for the functions to be housed.

Policy 1B-8

The University shall apply space standards established in Rule Chapter 6A-2, F.A.C., to determine future academic facility programs and to plan the renovation of existing academic facilities.
